Contraceptives Only Formulary

Updated July, 2022

The Affordable Care Act (ACA) requires most health plans to pay for contraceptives at no cost to you. Some religious nonprofit organizations qualify for a religious accommodation with respect to this requirement. As an eligible organization, your employer chooses not to cover certain birth control services as part of their group health plan for religious reasons.

As a member of one of these eligible organizations, Navitus Health Solutions is required to cover certain forms of contraceptives approved by the Food and Drug Administration, at no cost to you.

The following contraceptive drugs are available with a \$0 copayment.

Tablet Splitting Program**

Tablet splitting helps control prescription drug benefit costs and can provide significant savings for members. Participation in the program is voluntary. Through this program, members pay up to one-half of their usual copayment on a select group of prescription drugs. Drugs included in this program are based on the following criteria:

- The drug product is on the formulary.
- The drug product is recognized as an appropriate product to split by the Pharmacy & Therapeutics Committee.
- The drug is flat priced (i.e. various strengths of the medication must be comparably priced).
- The medication must have once-daily dosing.

An example of the savings that can be realized through this program is illustrated below:

	Product & Strength	Quantity	Member Copay	Member Annual Savings
Without Tablet Splitting	Drug A 40 mg tab	30	\$15.00	
With Tablet Splitting	Drug A 80 mg tab	15	\$7.50	\$90

As the example illustrates, tablet splitting allows members to receive the same dose in a fewer number of tablets; thus, the overall
