

Dean Health Plan 2023 Formulary

List of covered drugs

Prevea360 Medicare Advantage

Medicare Coverage
from Dean Health Plan

Important Message About What You Pay for Vaccines

Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

Important Message About What You Pay for Insulin

You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on. You will pay \$30 at a preferred pharmacy.

- **Getting Help from Medicare** – If you chose this plan because you were looking for insulin coverage at \$35 or less a month, it is important to know that you may have other options available to you for 2023 at even lower costs because of changes to the Medicare Part D program. Contact Medicare, at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week for help comparing your options. TTY users should call 1-877-486- 2048
- **Additional Resources to Help** – Please contact Dean Health Plan, Inc. at **1-877-232-7566 (TTY: 711)**, 8 am – 8 pm, weekdays (year-round) and weekends (Oct. 1 – Mar. 31), or visit exploreyouradvantage.com

Please read: This document contains information about the drugs we cover in this plan

This formulary was updated on **12/01/2023**.
For more recent information or other questions, please contact Dean Health Plan, Inc. at **1-877-232-7566 (TTY: 711)**, 8 am – 8 pm, weekdays (year-round) and weekends (Oct. 1 – Mar. 31), or visit exploreyouradvantage.com

Note to Existing Members

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us” or “our,” it means Dean Health Plan. When it refers to “plan” or “our plan,” it means:

- Prevea360 Essential (HMO-POS)
- Preava360 FlexSpend (HMO-POS)
- Prevea360 Harmony (HMO-POS) MA-Only

This document includes a list of the drugs (formulary) for our plan which is current as of 12/01/2023. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2023 and from time to time during the year.

The Dean Health Plan Formulary

What is the Dean Health Plan Formulary?

A formulary is a list of covered drugs selected by Dean Health Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Dean Health Plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Dean Health Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by Dean Health Plan, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but Dean Health Plan may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing

tier or both, we may add a generic drug that is not new to the market to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, [or] add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30 day supply of the drug.

- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Dean Health Plan Formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2023 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2023 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 12/01/2023. To get updated information about the drugs covered by Dean Health Plan, please contact us. Our contact information appears on the front and back cover pages. In the event that Dean Health Plan has CMS-approved non-maintenance changes to the formulary throughout the plan year (i.e., remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier), Dean Health Plan will update our formulary and post it on our website. You will also be notified in writing if you are affected by the changes via errata sheets. We also maintain and update our online formulary on a monthly basis.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 9. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents-Misc." If you know what your drug is used for, look for the category name in the list that begins on page 9. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 112. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Dean Health Plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization (PA):** Dean Health Plan requires you (or your physician) to get prior authorization for certain drugs. This means that you will need to get approval from Dean Health Plan before you fill your prescriptions. If you don't get approval, Dean Health Plan may not cover the drug.
- **Prior Authorization Restriction for Part B vs Part D Determination (PA BvD):** This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from Dean Health Plan to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, Dean Health Plan may not cover this drug.
- **Prior Authorization Restriction for New Starts Only (PA NSO):** If this drug is new to the member, you (or your physician) are required to get prior authorization from Dean Health Plan before you fill your prescription for this drug. Without prior approval, Dean Health Plan may not cover this drug.
- **Quantity Limits (QL):** For certain drugs, Dean Health Plan limits the amount of the drug that Dean Health Plan will cover. For example, Dean Health Plan provides 30 tablets per prescription for Rybelus. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy (ST):** In some cases, Dean Health Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Dean Health Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Dean Health Plan will then cover Drug B.
- **Non-Mail-Order Drug (NM):** You may be able to receive greater than a one-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs not available via your mail-order benefit are noted with "NM" in the notes column of your Formulary.
- **Limited Distribution (LD):** The symbol (LD) next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.
- **Non-Extended Day Supply (NDS):** Previously labeled as "NM" for "Non-Mail-Order Drug." You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs noted with "NDS" are limited to a 1-month supply for both Retail and Mail Order.
- **Step Therapy for New Starts Only (ST_NSO):** If this drug is new to you, you are required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
- **Select Insulins (SI):** Insulin products selected as part of the CMS Senior Savings Model program at a reduced member copay.
- **Vaccine (VAC):** Medicare Part D Vaccines covered at \$0.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 9. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted documents online that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Dean Health Plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Dean Health Plan formulary?” page 5 for information about how to request an exception. For information about how to request an exception. Diabetic supplies are limited to Accu-Chek. Insulins that are part of the Senior Savings Program are marked with “SI” in the formulary and have a max copay of \$30-\$35. All diabetic supplies including test strips, insulin needles and alcohol wipes are all \$0.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Dean Health Plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Dean Health Plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Dean Health Plan.
- You can ask Dean Health Plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Dean Health Plan Formulary?

You can ask Dean Health Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level. .
- You can ask us to cover a formulary drug at lower cost-sharing level (if this drug is not on the specialty tier). If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Dean Health Plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Dean Health Plan will only approve your request for an exception if the alternative drugs included on the plan’s formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30 day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

For more information

For more detailed information about your Dean Health Plan prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Dean Health Plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit medicare.gov

Dean Health Plan's Formulary

The formulary below provides coverage information about the drugs covered by Dean Health Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 112.

The first column of the chart lists the **drug name**. Brand-name drugs are capitalized (e.g., LIDODERM and generic drugs are listed in lower-case italics (e.g., lidocaine).

The second column of the chart lists the **Drug Tier**.

The information in the Requirements/Limits column tells you if Dean Health Plan has any special requirements for coverage of your drug.

What you need to know about YOUR Cost of your Drug.

Review your medication on the formulary and the tier it is on to understand how much per month or 100 days that it will cost you.

	Tier Level	Mail Order		Tier Level	Preferred Pharmacy	Non-preferred Pharmacy
Mail Order: 30 day	Tier 1	\$2	Retail: 30 Day	Tier 1	\$2	\$7

Keys and Abbreviations

Drug Name column key:

- *lowercase italics* = Generic drugs
- ALL CAPS = Brand name drugs

Tier column key:

- Tier 1 Preferred generic drugs
- Tier 2 Generic drugs
- Tier 3 Preferred brand name drugs and non-preferred generics
- Tier 4 Non-preferred drugs
- Tier 5 Specialty drugs
- Tier 6 Part D Vaccines

Key of abbreviations in the Requirements/Limits column:

- **LD** indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Dean Health Plan, Inc. Customer Service at 1-877-232-7566 (TTY: 711), 8 am – 8 pm, weekdays (year-round) and weekends (Oct. 1 – Mar. 31), or visit exploreyouradvantage.com
- **PA** indicates that prior authorization may apply.
- **PA BvD** indicates that prior authorization may apply for medications that could be eligible for payment under either Medicare Part B or Part D.
- **PA NSO** indicates that prior authorization may apply on certain medications for new members of the plan.
- **QL** indicates that quantities dispensed may be limited.
- **ST** indicates that step therapy may apply.
- **NM** indicates that the drug is not available via your mail-order benefit.
- **SI** indicates a formulary insulin that is part of the insulin Senior Savings Program
- **ST_NSO** indicates that you are required to first try certain drugs before coverage of another drug for the same condition
- **VAC** indicates Medicare Part D Vaccine coverage at \$0
