2023 PLAN AND BENEFIT CHANGES

New Prevea360 Western WI Health Plan for State of WI Employees and Their Families

Effective January 1, 2023, Prevea360 Health Plan is offering a new State of Wisconsin Employee Trust Fund (ETF) product. This new benefit plan is only available to State of Wisconsin employees and their families and is a replacement health plan option for State employees and dependents who are losing coverage under the WEA Trust products at the end of 2022.

This new State of WI ETF – Prevea360 West and Mayo Clinic Health System provider network plan will serve State of Wisconsin employees and their families only. **Non-ETF enrollees assigned to the Prevea360 West provider network will not have access to Mayo Clinic Health System facilities and providers.**

Prevea360 Health Plan is administered by Dean Health Plan. Mayo Clinic Health System locations will be accessible to State of WI ETF – Prevea360 West and Mayo Clinic Health System enrollees through Dean Health Plan’s partnership with Medica.

Prevea360 Health Plan is expanding its overall provider network offerings into additional counties to serve the needs of new enrollees:

- Crawford
- Jackson
- La Crosse
- Monroe
- Pierce
- St. Croix
- Trempealeau
- Vernon

In addition, members who are enrolled in an existing Prevea360 Health Plan Commercial plan (fully insured, including ACA) or Dean Administrative Services Only (ASO) plans have access to services from in-network Prevea360 Health Plan providers in these counties.

Prevea360 Health Plan’s policies, prior authorization requirements, and claim submission processes will apply for the State of Wisconsin ETF patient population. The Prevea360 Provider Manual will be updated later this year to include the Prevea360 Health Plan ETF product. This resource will continue to be applicable to Prevea360 providers currently serving Commercial and Dean ASO plans.

CMS 5-Star Medicare Advantage Rating for 2023

For the second year, Prevea360 Health Plan Medicare Advantage plans earned an exceptional 5 out of 5 Stars for 2023 from the Centers for Medicare & Medicaid Services. Thank you to all of our providers for the shared commitment to providing high-quality care for our members and patients.

All our Medicare Advantage plans offer [no-cost extras and supplemental benefits](#), such as in-home and virtual support, transportation, over-the-counter medicines and supply allowances, post-discharge meals, vision and hearing benefits, comprehensive dental benefits through Delta Dental, wellness rewards, gym memberships, and home fitness kits.

Additionally, our plan offerings are unique so members can choose the one that best fits their needs, including a plan option without prescription drug (Part D) coverage, the Harmony Plan. This is a great option for enrollees who already have prescription drug coverage through another source.

The Medicare Advantage Provider Manual will be updated for 2023 plan offerings later this year and is accessible from the “See Provider Manuals” link at prevea360.com/Providers.
