Medicare Products Payment Sequestration

Prevea360 Health Plan is reinstating provider payment sequestration amounts for Medicare Advantage products. In alignment with the Centers for Medicare and Medicaid Services (CMS), the following payment adjustments will be applied:

- 1% payment adjustment beginning April 1, 2022, through June 30, 2022
- 2% payment adjustment beginning July 1, 2022

Second COVID-19 Booster Shot

On April 6, 2022, [CMS announced it will pay for a second COVID-19 booster shot](#) of either the Pfizer-BioNTech or Moderna COVID-19 vaccines. This aligns with the [Centers for Disease Control and Prevention's \(CDC's\) updated recommendations](#) regarding another booster for certain immunocompromised individuals and people ages 50 years and older who received an initial booster dose at least four months ago. Additionally, the CDC recommends that adults who received a primary vaccine and booster dose of Johnson & Johnson's Janssen COVID-19 vaccine at least four months ago can receive a second booster dose of a Pfizer-BioNTech or Moderna COVID-19 vaccine.

Medicare enrolled beneficiaries are not responsible for copayment, coinsurance, or deductible for COVID-19 vaccines or boosters.
